

PROFILE

Attorney with vast transactional experience drafting, analyzing and negotiating commercial, professional services, corporate, physician and IT agreements. Possesses extraordinary research and analytical skills, with foresight of potential outcomes, used to counsel clients and solve problems in a cost-efficient manner. Skilled in fact investigation and multiple statutory, legislative, regulatory and case law matters. Outstanding in combining analysis, research and negotiation to achieve positive results. Educated in Stark Law, anti-kickback, FCA, HIPAA/HITECH, ACOs, and healthcare reform. Willing to start at the bottom as a staff attorney to gain additional experience focused in health law.

Compassionate, yet aggressive, leader with integrity who works well individually and collaborates with others to achieve team goals and meet/exceed deadlines. Quick study and adaptable as result of strong work ethic, drive to achieve, and perseverance. Attention to detail discovers, removes or minimizes potential liability and adheres to compliance with the law and company policy. Consistent track record of providing solutions to legal problems that minimize risk/liability, assure compliance and result in client satisfaction.

EXPERIENCE

[REDACTED] Legal Consultant

2011

Strategically reviewed hundreds of commercial vendor contracts to counsel key business personnel and legal counsel regarding scope of license, divestiture, assignment and termination contract rights involving \$2.4 billion divestiture of the bank's consumer lines of business. Performed internal audit review to determine compliance of bank's contracting policies. Managed redaction of key negotiated terms of assignable vendor contracts.

[REDACTED] Attorney / Legal Consultant

2009-Present

Counsel small business owners about business entity formation. Represent clients in residential real estate transactions and landlord-tenant matters. Draft real estate leases and child care contracts. Research, negotiate and advise clients on issues involving a variety of different legal subjects, including employment, construction and real estate. Draft, review and negotiate various consulting services, IT and third-party procurement contracts, statements of work, non-disclosure and privacy agreements.

- Prevented overpayment of over \$1 million to vendor, due to a discrepancy between actual contract language and what client's strategic sourcing department was prepared to pay.
- Discovered potential liability risks to client due to missing privacy and non-disclosure language in vendor's procurement contract.

2/14

[REDACTED]

Associate Attorney

2007-2009

Drafted and negotiated physician employment agreements. Reviewed and negotiated various contract matters, including noncompetition and nondisclosure agreements. Counseled business owners on transactional matters involving business entity formation, asset protection, succession and dissolution. Drafted shareholder and operating agreements for privately held business owners. Represented buyers and sellers at closings. Counseled clients and drafted documents regarding various estate plans. Prosecuted, defended and settled various collection matters for clients.

- Drafted employment agreement for an Illinois medical corporation for use in future hiring of physicians with buy-in option.
- Counseled clients and carried out asset protection plans for business owners.
- Prepared shareholder and operating agreements to minimize negative tax consequences and enable amicable continuity of ownership and operation that could result from various triggering events.

[REDACTED]

Associate Attorney

2003-2007

Analyzed and reviewed physician agreements. Drafted corporate documents for several start-up business organizations. Represented individuals and privately held companies in connection with acquisition and sale of businesses. Counseled clients and litigated claims regarding breach of corporate fiduciary duties. Independently operated and managed the firm's expanding real estate practice analyzing and negotiating various residential and commercial contracts and leases. Counseled and represented hundreds of clients who filed for bankruptcy protection.

- Analyzed and reviewed physician employment and hospital privileges agreement for physician transferring to Illinois.
- Counseled and negotiated settlement of several lawsuits brought against client-contractors that were favorable and in the client's best financial interest.
- Developed trusting and lasting relationships advocating interests of clients that faced liquidation or reorganization in consumer bankruptcies.
- Drafted persuasive motions to dismiss, resulting in the granting of dismissal of complaints *with prejudice*.

OTHER EXPERIENCE

[REDACTED]

Law Clerk

2001-2002

Managed all aspects (pre-oral argument) of an appeal involving a personal injury file involving wrongful death. Drafted pleadings, propounded and answered written discovery involving plaintiff auto accident and premises liability cases.

[REDACTED]
